

Track Profile

Springhill Subdivision

Springhill Subdivision

WEST

This track profile is intended as a guide only to assist Locomotive Engineers in their *forward planning*. Each locomotive engineer must update and correct this profile if required.

Color references to **THROTTLE MANIPULATOR**, **DYNAMIC BRAKES** and **AUTOMATIC BRAKES** are based on optimum train run and may vary depending on number of variables such as train characteristics, meets, weather, etc. In this job aid, a 10,000 feet, 10,000 to 12,000 tons train was used.

All applicable Operating Rules, General Operating Instructions, Time Table, Special Instructions and Locomotive Engineer Guide (8960) remain in effect.
